WE ARE THE WORLD COMMUNITY BROADCASTING GLOBALLY

WSLQ I-Radio name was created by Co-founders Sharon and Silko Renaldo Thomas. The building of the infrastructure began during the summer of 2020. The creation of this station came from the brainchild of Silko Renaldo Thomas after retiring from his government job of over 35 years. After entering into the world of retirement Mr. Thomas began reminiscing about his college days of working at the On-campus radio station of WFSE-FM 88.9 broadcasting at 3,000 watts reaching the City of Cleveland, Ohio. Mr. Thomas contacted a few of his alumni classmates who had attended Edinboro University of Pennsylvania and shared with them the idea of starting up his own radio station.

ORIENTED TO SERVICE

We are a full service digital recording and production studio offering a professional environment with incredible talented On-Air Personalities and great behind the scene staffing to bring you the best possible experience of music, discussions and information..

Approaching Two Years Of Being In Operation In January 2024

WSLQ I-RADIO "The Switch Is ON" New In The Local Community

By Victoria Turrentine

Before retiring from his government job of over 35 years, CEO and Operations Manager, Silko Renaldo Thomas followed his passion for media. He created his own Radio Station, WSLQ I-Radio, which is a worldwide internet radio station along with his partners Chief Communications Officer (CCO), Ms Sharon Chism and Radio Station Chairman (RSC), Mr. Bobby Davis. Together we designed a station to reach a global audience, which started on day one of its operation.

The programming of WSLQ's music is diverse which includes Jazz, Latin, R&B, Reggae, Neo-Soul, Blues, World Music, Afro Beats, Calypso, and so much more. WSLQ's motto is "We Are The World Community & The Switch Is On." We wanted to be a station that could establish a direct connection with communities around the world such as South Africa, Switzerland, London, Paris, Senegal, India, Korea, Brazil, Canada, Mexico just to name a few.

WSLQ I-RADIO "Where Indie Artists Come To Play"

WSLQ's DNA is that of the Indie Artist. Our mission is to support and show love to the diversity of the Indie Artists around the World, around the Globe and around the Corner to include local artists here in the localized region of St. Charles County and the overall region of the DMV.

THE WORLD ACCORDING TO SYLK -hosted by Silko Renaldo every Wednesday from 8pm to 10pm

WSLQ I-Radio will be celebrating its birthday during the month of January 2024 marking two years of broadcasting. In just two years WSLQ has interacted with a number of Indie Artists and well known Industry Legends such as Glen Jones, Melba Moore, Jeanne, Shirley Jones, After 7, Stokley formerly of Mint Condition ConFunkShun, Heatwave, Gerald Alston pf the Manhattans, The Weather Girls, Arnell Carmichael of Raydio, Maysa, Melvin Riley from Ready For The World, Randy Hall, Frank McComb, and Ladies of Skky.

WSLQ has established relationships with folks such as WSLQ's United Kingdom Ambassador Of Music (UKAOM), Suzy Sue. Suzy has a weekly radio segment on the radio, show, "THE WORLD ACCORDING TO SYLK" every Wednesday from 8pm to 10pm, in which she introduces a new artist she has researched and reviewed.

CCO Sharon Chism wears a number of titles within the operation of WSLQ I-Radio such as Program Director, Assistant Editor and Radio Personality just to name a few. She helms a radio program entitled "The Weekend Windup Show" every Sunday from 2pm to 4pm.

THE WEEKEND WINDUP SHOW hosted by Sharon Chism every Sunday from 2pm to 4pm

INDIE ARTIST ALBUM/SINGLE REVIEW

ARTIST: Keith Henry Robertson
SINGLE: Say It

WSLQ I-Radio congratulates International Recording Artist Keith Robertson on his latest single "SAY IT." The station premiered this incredible and thought-provoking single on Wednesday August 31, 2023. It aired on THE WORLD ACCORDING TO SYLK Show hosted by Sylk Renaldo during his Indie Moment Segment .

During the airing of the single, Sylk commented on the music and the lyrics of the song and how it made him feel. During the show he became engulfed with emotions. That's the power of music, folks! He compelled his listening audience to hear and then listen to the content of what Mr. Robertson was singing about. He said to them "let the lyrics move you in the direction of taking actions in your life to bring about a change," to tell someone the moment is now, to tell someone "I miss you," to tell someone "I love you."

This song moved this writer to make changes in his life, and to reach out and call his son with whom he had issues with over the past two years. The lyrics of the song compelled the writer to make a change to overcome the obstacles and barriers that we had placed in our path of communiing together. That all changed after hearing the single "SAY IT." Now we have a testimony to share with the world and all thanks to International Recording Keith Robertson for letting God use him to connect folks that have gone astray from one another.

This writer also has a Keithimonial and you will too, if you let the song move your. Keith, I love you my brother . This song will be a timeless classic of meaningful lyrics along with soul stirring music accompanied with harmonic vocals which will change the world if you let it. It will change the hearts of men and women around the Globe.
